

# NEW! RECYCLED PLASTIC CONTAINERS

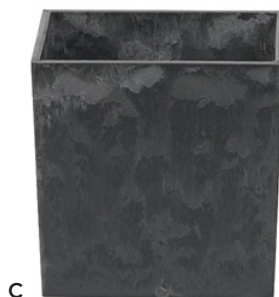

Call FTD® Marketplace at 800.767.4000 to place your order.

A healthier alternative for the environment! Every year, millions of plastic items are eventually discarded to our landfills. Made from recycled materials, our pots can be used, washed, reused, and then even composted when done. Plus, since they're lightweight and compact for transport, you save on transportation costs since they require less fuel to ship than pottery. Save on warehouse space, these require 40% less storage than clay pots.

Available in 3 sizes

Available in 2 sizes
