FALL COLLECTION

Inspired by nature and the colors that are so unique to the season. We've got all of the color palette options covered in this assortment. From unique blends of peach, purple and deep pinks capturing the season's trends, alongside my traditional take on blends of yellows and oranges. These hues always remind me why autumn is such a special time of the year.

garden gathered

Color and texture play such an important role in the designs for autumn. We focused on keeping it casual and fun, each design is paired with a vase that captures the natural essence of the season.

The FTD® Garden Gathered™ Bouquet
18-F3p

autumn harvest

A unique play on colors was the inspiration. Ornamental kale playing the starring role and supported by berries, textural and linear stock to balance fragrance and scale. A fresh look for autumn.

The FTD® Autumn Harvest™ Bouquet
18-F4p

WINTER COLLECTION

The fragrance of holiday greens make all my senses take note and bring to the forefront the wonders and excitement of Christmas. Think about the colors of the season - reds and whites are a classic, reds and greens are trending high. So of course I'm super excited to share my love of reds and greens that you will see incorporated with hypericum berries, seeded eucalyptus, leucadendron, amaryllis and roses.

stunning style

A complex mix of textures along with bright pops of fresh greens and deep tones of red are as cozy and inviting as your favorite holiday sweater.

The FTD® Stunning Style™ Bouquet
18-C8p

striking elegance

A modern flair with just the right balance of natural elements. We haven't seen amaryllis incorporated into the collection in while, a long overdue comeback.

The FTD® Striking Elegance™ Bouquet

inspiration

Warm days and cool nights enjoying the unique textures and scents of the fall was the inspiration for this new line celebrating autumn.

inspiration

Our winter collection is a twist on the traditional red, green and white holiday palette. Fun patterns, mixed up with natural textures and elements, were the creative focus of this line.
