C. CHRYSAL AQUA PADS

Chrysal Aqua Pad is an innovative product for potted plants that helps to reduce pot plant wastage during the retail phase and ensures longer lasting freshness and shelf life. Aqua Pad is a wood fiber mat to be placed between the plant's grower pot and cover pot or gift bag. It creates a water reservoir for plants susceptible to dehydration issues, such as potted Rose, Azalea and Cyclamen. Aqua Pad consists of 100% natural fibers and is therefore 100% compostable.

PRICING

Prices are subject to change. FTD reserves the right to accept or reject orders.

Prices do not include freight. FTD shipping and handling charges are 20% of the value of each carton, with a minimum of \$9.99 per carton for the Continental U.S. and 22% of the value of each carton with a minimum of \$11.99 per carton for Canada.

Canadian members will be billed in Canadian dollars. Canadian prices are calculated by multiplying the U.S. price by the prior month's average exchange rate (as calculated by FTD). The exchange rate is updated on or about the first business day of each month. The rate that is in effect on the day the order was accepted by FTD will be applied to the order.

QUANTITY DISCOUNTS — LTL ITEMS

Purchase 25 or more cases (mix and match) of qualifying product to receive a quantity discount price—just look for item numbers ending in LTL. Please call your Marketplace Representative for a special freight quote on LTL orders.

SHIPPING RESTRICTIONS

Items in this catalog cannot be shipped to Alaska, Hawaii or Puerto Rico.

Some items not available for shipment to Canada. Please contact your FTD Marketplace Representative at 800.767.4000 for details.
